

## MOULDED VGA/RGB CABLES

### Applications :

Used as Output Cable for DVR to LCD/LED for high Definition Resolution, Offer Video Signal & Power for Projectors & Computer Monitors.

### Constructions :

3 Cores Flexible Coaxial Cables, Plus multi-core power cables, overall shielding by Al-Foil and TC Taping and overall PVC jacket with 15 Pin Moulded Plug at both end Available in 3 Mtrs. 5 Mtrs., 15 Mtrs.

### Technical Data:

Voltage Rating : 30V

Max. Operating Temperature : 80°C

**BIOcab**  
FOCUS FORWARD

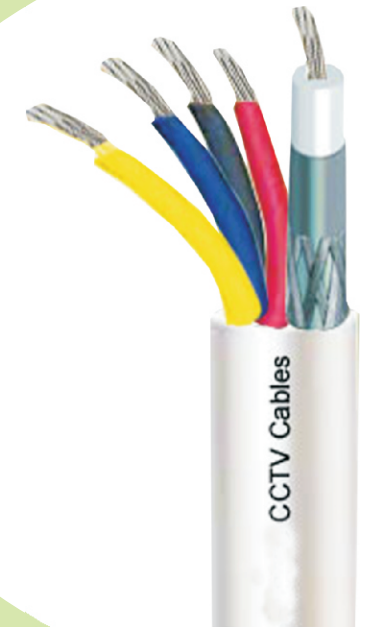

## CCTV CABLES

### TITAN CCTV CABLES :

Highly reliable and compact CCTV Cable for transmitting Video and power for IR Cameras

### Applications :

To supply power for analog CCTV cameras and transmit video signals in CCTV system

**BIOcab**  
FOCUS FORWARD

## VGA CABLES

### Applications :

Offer Video Signal and power Supply for Projectors, Computer or other equipment

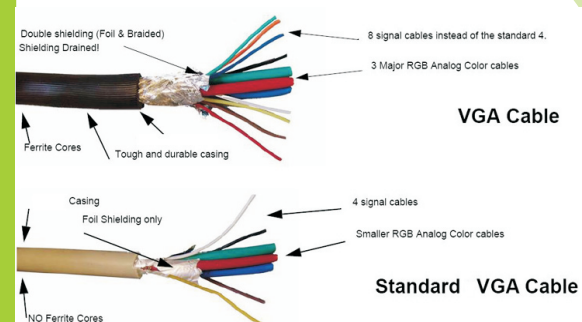

### Constructions :

3 Cores Flexible Coaxial Cables, Plus multi-core power cables, overall shielding by Al-Foil and TC Taping and overall PVC jacket.

### Technical Data:

Voltage Rating : 30V

Max. Operating Temperature : 80°C

## VIDEO DOOR CABLES

### Building System & Video Door Cables Applications

Used composite cable for Video Building System to Transmit Video, Audio, Control signal and supply power

### Constructions :

One video coaxial cable, plus flexible power cable/audio cable/control cable.
